# What You Will Learn from the Activity

In today's fast-paced and competitive market, it's essential to have a sales approach that sets you apart from the rest. Gone are the days of stuffy salesmen pushing products down customers' throats. In this modern age, people are looking for genuine connections and a personalized experience.

By incorporating wit and humor into your sales approach, you can stand out from the crowd and create a memorable impression on your customers. One of the key takeaways from this guide is the importance of understanding your customer. In order to close a deal, it's essential to know what drives your customer to buy. What are their pain points? What motivates them? What are their emotional triggers?

By getting to know your customer and tapping into their emotions, you can create a sales pitch that resonates with them and makes them more likely to buy from you.

Another key takeaway is the power of a positive sales culture. A sales team that works well together, supports each other, and is motivated to succeed will be more effective than a group of individuals working in silos.

By fostering a positive sales culture, you can encourage your team to push each other to new heights and achieve greater success.

Incorporating wit and humor into your sales approach can help you stand out from the crowd and make a memorable impression on your customers.

By understanding your customers, fostering a positive sales culture, understanding the psychology behind customer buying decisions, and having a sales process in place, you can increase your chances of closing deals and winning hearts.

Had an exciting phone call with a new client today. In 20 minutes I showed her \$113,157.68 in cold hard cash she didn't even know existed in her business or how she could get it.

Now, with 2 weeks of work (she will delegate) 10%-80% of it will be in her pocket and add 5%-15% NET PROFIT to her bottom line for every year her business exists from now on.

Needless to say, she was pretty happy about it.

# Case Study

## Turning \$50,000 USD into \$212,484 USD with paid ads and automation

Today's case study is the **CEO** of another USA-based company.

Her business caters to women in their 40s. Women who are into Reiki and other energy healing. Including alternative medicine techniques.

She felt trapped by her dependence on her industry peers. And their practice of promoting to each other's patrons. She didn't want others to sell to her community. Or even share her base with them just so her company can maintain growth. She wanted to be independent without sacrificing sales.

Thus, she turned to Daryl for a marketing solution. A solution to give her freedom from external influences.

### ***Objectives***

- Establish a profitable, fully automated paid advertising campaign to build her audience.
- Determine who are the company's best customers.
- Attract new customers and turn them into the highest paying clients.
- Create a membership program for a stable income growth.

## ***What Daryl Did***

- Established a “golden path” for lead generation and client acquisition process from the first to the sixth purchase.
- Analyzed 20,000+ orders to determine who their best customers are, where they come from, and how they make their purchases.
- Set up a paid advertising campaign for the first step their best customers took and automatically sent the next promotions for the second, third, fourth, fifth, and sixth products at the appropriate time.

## ***Results***

- Turned one-time buyers into multi-buyers in a predictable way
- Many people who bought a one, bought a second and third item. Immediate profit from paid ads was \$212,484 but if we include back end sales we grew her business by almost 26% or \$578,425.67.
- Produced a larger buyer base and enabled her to expand them without outside support.

## ***Why It Was Smart To Work With Daryl***

It was smart because he successfully helped her run a profitable paid ad campaign. The money she spent grew at least three times. She now has a larger list plus the ability to grow her list without any outside endorsement. She has a predictable way to turn first-time buyers into multi-buyers. She also has a clearer idea of who her target market is, who her best buyers are, and the multiple ways to reach them.

This has now become a cornerstone part of her business-enhancing every single big promotion she has done since then... with a bigger email list plus an understanding of how to use paid ads.

**Otto Ruebsamen** Daryl is good. I worked with him in 1 company where he took the almost dead company and automated a sales machine that's produced 40-70k a week for the past 5 years now. Saved that company while generating predictable cash flow the business was able to grow on and make payroll from every two weeks.

# CASE STUDY

## Almost Bankrupt to \$1.6 MILLION USD in 9 Months with a Single Marketing Strategy.

Our case study for today is the **CEO** of a company that offers online personal development courses.

Catering to women who follow Deepak Chopra, the movie “The Secret,” and John Assaraf, he provides coaching on mindset, hypnosis, neuro-linguistic programming, and positive affirmations.

The company encountered a stumbling block: multiple attempts to launch a flagship product—a \$20/month mindset membership—had failed. They found themselves on the verge of bankruptcy.

The CEO and his team had to do everything in their power to save the business. Either they go big or they go home penniless and insecure.

### ***Objectives***

- Generate funds to keep the business moving forward.
- Launch products that sell.
- Market the brand.

## ***What we did***

- Established a standard lead generation and client acquisition process using a six-hour webinar.
- Harnessed the company's 50+ strategic partner promoters which earned the company approximately \$550,000 from about 600 orders.
- Sold \$997 one-time or \$397 three-time payment plan, with around 50 percent of sales going to the partners.
- Gave a Contact Us number and assigned two phone sales reps to take inbound calls.
- Placed outbound calls to anyone who hit the order form during the broadcast or clicked to see the order form from a post-event email but didn't purchase.
- Created split tests for each step of the process when the partners were promoting.
- Made A and B versions of registration pages, reminder emails, order forms—everything.
- Took the winning versions and then set them up to play as if live but on an automated basis.
- Set up the process to run from Sunday to Saturday each week, automatically.
- Ran the six-hour event on Saturdays.
- Sent multiple pieces of pre-event videos and homework materials via email to build excitement.
- Uploaded buyer emails to Facebook Ads and made a lookalike list.
- Created three ads with a \$500 budget and ran them on Facebook to the lookalike audience of our 550+ buyers to register for the event “happening this week”.

- Doubled the ad spending using the profit from the week before.

## ***Results***

- Earned \$1.6 million in front-end sales (excluding back-end products and services sold).
- Made \$7 million in sales in just under three years.
- Installed a massive income stream, including paid ads and customer service, requiring only three or four people to run it.
- Launched several other products under the new company brand.

## ***Why it was smart to work with us***

It might be hard to believe how they got back on their feet and earned millions. But Daryl's marketing strategy worked; this company is one of the many who swear by it.

🔊 Listen to Daryl's interview with Kent Martin about how they grew the business: <https://members.bestbusinesscoach.ca/inside-a-7-million-dollar-automated-funnel-building-up-to-over-300000-facebook-followers-from-scratch-with-kent-martin-2/>.

#### Goals:

- 1) \$6.5MM in revenue from automated online sales and conversion strategies (Stretch Goal of \$10MM)
- 2) Build a Lead Generation Machine For Sales Team  
- steady flow of quality leads with sufficient volume
- 3) Improved web presence / front end website(s)
