

Essential Strategies for HR Compliance & Employee Retention

This workbook covers a comprehensive interview with Lisa Perez, renowned author and founder of HBL Resources Inc, who dives deep into the crux of HR compliance, employment law, and effective strategies for employee retention.

The importance of this feature lies in its practical approach to help business leaders navigate the complex world of HR, enhancing productivity, and fostering a growth-centric work environment.

The benefit from doing these exercises lie in the practical insights they offer on HR compliance, mitigation of risks, and fostering a conducive work environment.

"As the future becomes more automated, the human skills become more important."

### A. Reflection Activity Personal Analysis

• Reflect on any risky mistakes you, or your managers, could be making due to lack of knowledge in employment law.

• Consider the potential consequences of favoritism in your workforce. How can you ensure a balanced task allocation?

• Describe the importance of the human element in your organization and cite an example of how it can be emphasized.

• Can you cite a continuous improvement process you have observed in a successful business?

### A. Reflection Activity Personal Analysis

• How can regular interaction and follow-up with teams improve your business?

• Consider the impact of automation on your business. Is there an area where automation could improve efficiency?

 Reflect on Lisa's quote "As the future becomes more automated, the human skills become more important." How does it speak to your own managerial experience?

How does a holistic approach to employee training look in your organization?

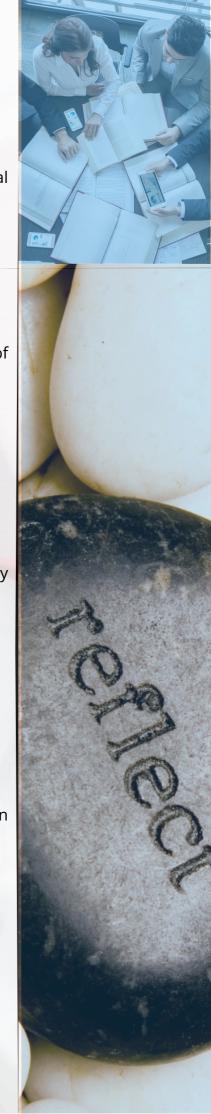

### A. Reflection Activity Personal Analysis

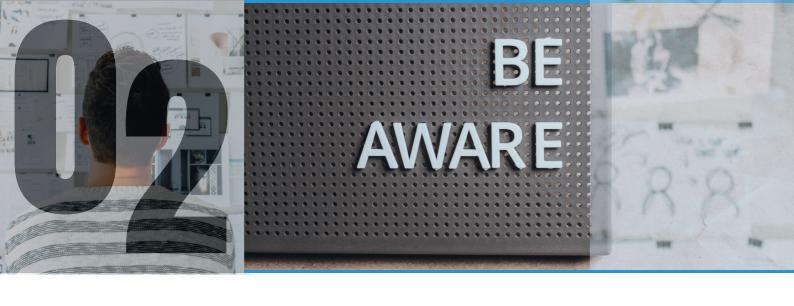

• What aspects make the interviewing skills important in your managerial role?

• Reflect on the role of continuous improvement in climbing the ladder of success in business.

• Based on Lisa's insights, re-evaluate your own follow-up methodology with your staff.

 Reviewing Lisa Perez's insights, which three of her recommendations can you immediately implement in your management style?

B. Situational Awareness
Think of a difficult conversation you have avoided recently. How can you address it head- on?
Consider the future of work influenced by COVID-19. How can your organization adapt to possible scenarios?

# BEST BUSINESS PODCAST WITH ALISON SHADRACK

#### What Daryl Did

Established a "golden path" for lead generation and client acquisition process from the first to the sixth purchase. Analyzed 20,000+ orders to determine who their best customers are, where they come from, and how they make their purchases.

Set up a paid advertising campaign for the first step their best customers took and automatically sent the next promotions for the second, third, fourth, fifth, and sixth products at the appropriate time.

#### Results

Turned one-time buyers into multi-buyers in a predictable way Many people who bought a one, bought a second and third item.

• Immediate profit from paid ads was \$212,484 but if we include back end sales we grew her business by almost 26% or \$578,425.67.

Produced a larger buyer base and enabled her to expand them without outside support.

#### Why It Was Smart To Work With Daryl

It was smart because he successfully helped her run a profitable paid ad campaign. The money she spent grew at least three times. She now has a larger list plus the ability to grow her list without any outside endorsement. She has a predictable way to turn first-time buyers into multi-buyers. She also has a clearer idea of who her target market is, who her best buyers are, and the multiple ways to reach them.

This has now become a cornerstone part of her business-enhancing every single big promotion she has done since then... with a bigger email list plus an understanding of how to use paid ads.

Otto Ruebsamen Daryl is good. I worked with him in 1 company where he took the almost dead company and automated a sales machine that's produced 40-70k a week for the past 5 years now. Saved that company while generating predictable cash flow the business was able to grow on and make payroll from every two weeks.

## **CASE STUDY**

## Almost Bankrupt to \$1.6 MILLION USD in 9 Months with a Single Marketing Strategy

Our case study for today is the **CEO** of a company that offers online personal development courses.

Catering to women who follow Deepak Chopra, the movie "The Secret," and John Assaraf, he provides coaching on mindset, hypnosis, neuro-linguistic programming, and positive affirmations.

The company encountered a stumbling block: multiple attempts to launch a flagship product—a \$20/month mindset membership—had failed. They found themselves on the verge of bankruptcy.

The CEO and his team had to do everything in their power to save the business. Either they go big or they go home penniless and insecure.

#### **Objectives**

Generate funds to keep the business moving forward. Launch products that sell. Market the brand.

#### What we did

Established a standard lead generation and client acquisition process using a six-hour webinar.

Harnessed the company's 50+ strategic partner promoters which earned the company approximately \$550,000 from about 600 orders.

Sold \$997 one-time or \$397 three-time payment plan, with around 50 percent of sales going to the partners.

Gave a Contact Us number and assigned two phone sales reps to take inbound calls.

Placed outbound calls to anyone who hit the order form during the broadcast or clicked to see the order form from a post-event email but didn't purchase.

Created split tests for each step of the process when the partners were promoting.

Made A and B versions of registration pages, reminder emails, order forms—everything.

Took the winning versions and then set them up to play as if live but on an automated basis.

Set up the process to run from Sunday to Saturday each week, automatically.

Ran the six-hour event on Saturdays.

Sent multiple pieces of pre-event videos and homework materials via email to build excitement.

Uploaded buyer emails to Facebook Ads and made a lookalike list.

• Created three ads with a \$500 budget and ran them on Facebook to the lookalike audience of our 550+ buyers to register for the event "happening this week".

Doubled the ad spending using the profit from the week before.

#### Results

Earned \$1.6 million in front-end sales (excluding back-end products and services sold).

Made \$7 million in sales in just under three years.

Installed a massive income stream, including paid ads and customer service, requiring only three or four people to run it.

Launched several other products under the new company brand.

#### Why it was smart to work with us

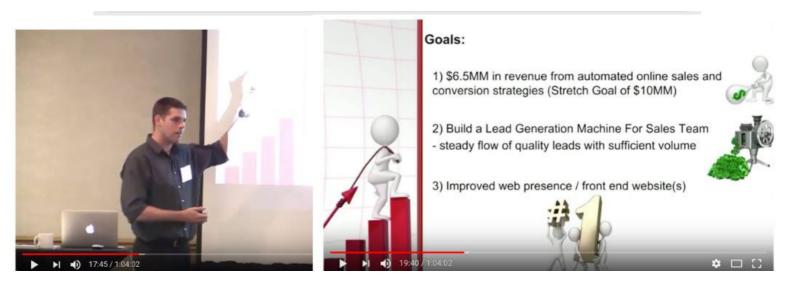

It might be hard to believe how they got back on their feet and earned millions. But Daryl's marketing strategy worked; this company is one of the many who swear by it.

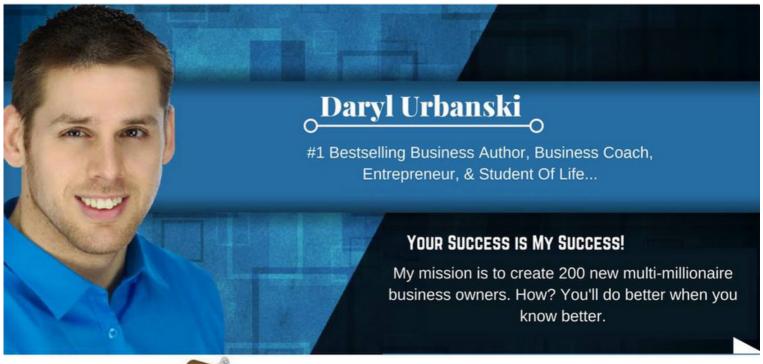

isten to Daryl's interview with Kent Martin about how they grew the business: https://members.bestbusinesscoach.ca/inside-a-7-million-dollar-automated-funnel-building-up-to-over-300000-facebook-followers-from-scratch-with-kent-martin-2/.
