In this workbook, you will learn from the master of the digital marketing game and discover how to take your marketing efforts to the next level.

# The Best Business Coach Activity On The Godfather of Digital Marketing Shares His Words of Wisdom

### **Activity 1: The Importance of Authenticity**

The godfather of digital marketing stresses the importance of authenticity in all marketing efforts. In this chapter, you will learn how to be true to yourself and your brand while engaging with your audience. Create a list of all the marketing materials and platforms you currently use (website, social media accounts, email campaigns, advertising, etc.). Review each item on the list and take note of any areas where you feel like you're not being true to yourself or your brand.

For each area identified, brainstorm ways to make it more authentic and true to yourself and your brand.

Once you've finished your brainstorming, choose one area to focus on and make changes accordingly. Monitor the results of your changes and make adjustments as necessary.

### **Activity 2: The Power of Storytelling**

The godfather believes that storytelling is the key to creating a connection with your audience. In this chapter, you will learn how to use storytelling in your marketing efforts to create a deeper connection with your audience. Brainstorm a list of different stories that could be used to promote your brand or products.

Create a storyboard that outlines the key elements of the story, including the characters, the setting, the problem, and the resolution. Choose one campaign to implement in your next marketing efforts.

### **Activity 3: The Art of Influencer Marketing**

The godfather knows that influencer marketing is a powerful tool in the digital marketing world. In this chapter, you will learn how to find the right influencers for your brand and how to create a successful influencer marketing campaign. Research potential influencers in your industry or niche who align with your brand and target audience. Create a list of potential influencers and their contact information.

Create a pitch or proposal outlining your brand and what you are looking for in a partnership with an influencer.

Monitor the success of the campaign and use the insights to improve future collaborations with influencers.

### Activity 4: The Value of Data

The godfather understands the value of data in digital marketing. In this chapter, you will learn how to use data to inform your marketing decisions and measure the success of your campaigns. Gather data from your previous marketing campaigns (website analytics, social media analytics, email campaign statistics, etc.).

Discuss as a group what worked well and what could be improved, and then choose one set of data to focus on in your next marketing efforts.

## What You Will Learn from the Activity

The "Data Analysis Workshop" activity is designed to help participants learn how to use data to inform their marketing decisions and measure the success of their campaigns.

Through this activity, participants will learn how to gather and analyze data from previous marketing campaigns, identify key insights and findings, and make recommendations for future marketing efforts.

The activity is divided into several steps, beginning with the gathering of data from previous marketing campaigns. Participants will then be divided into smaller teams, with each team choosing one set of data to analyze.

Furthermore, they will learn how to evaluate the effectiveness of their campaigns and make adjustments accordingly, this will enable them to optimize their strategies and make better decisions in the future.

### **Case Study**

# Turning \$50,000 USD into \$212,484 USD with paid ads and automation

Today's case study is the **CEO** of another USA-based company.

Her business caters to women in their 40s. Women who are into Reiki and other energy healing. Including alternative medicine techniques.

She felt trapped by her dependence on her industry peers. And their practice of promoting to each other's patrons. She didn't want others to sell to her community. Or even share her base with them just so her company can maintain growth. She wanted to be independent without sacrificing sales.

Thus, she turned to Daryl for a marketing solution. A solution to give her freedom from external influences.

### Objectives

Establish a profitable, fully automated paid advertising campaign to build her audience.

Determine who are the company's best customers.

Attract new customers and turn them into the highest paying clients.

Create a membership program for a stable income growth.

,

### What Daryl Did

Established a "golden path" for lead generation and client acquisition process from the first to the sixth purchase. Analyzed 20,000+ orders to determine who their best customers are, where they come from, and how they make their purchases.

• Set up a paid advertising campaign for the first step their best customers took and automatically sent the next promotions for the second, third, fourth, fifth, and sixth products at the appropriate time.

### Results

Turned one-time buyers into multi-buyers in a predictable way Many people who bought a one, bought a second and third item.

Immediate profit from paid ads was \$212,484 but if we include back end sales we grew her business by almost 26% or \$578,425.67.

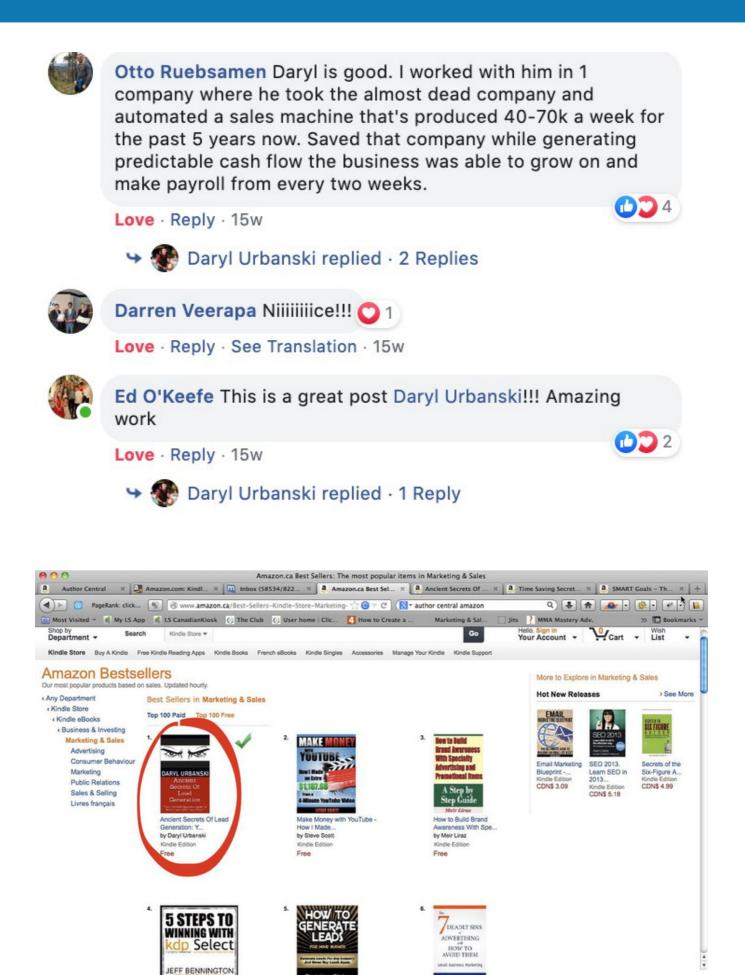

Produced a larger buyer base and enabled her to expand them without outside support.

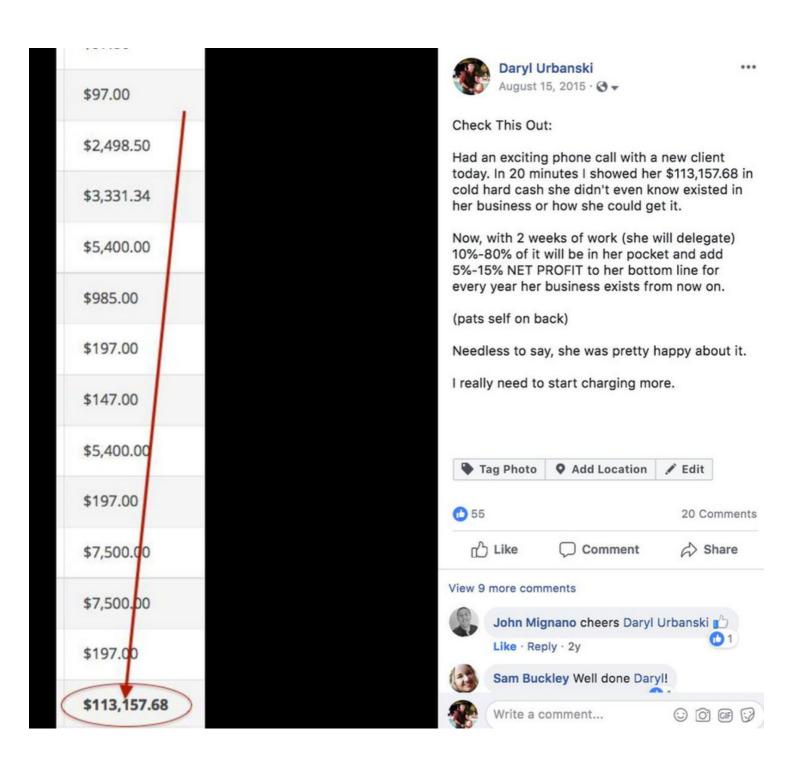

### Why It Was Smart To Work With Daryl

It was smart because he successfully helped her run a profitable paid ad campaign. The money she spent grew at least three times. She now has a larger list plus the ability to grow her list without any outside endorsement. She has a predictable way to turn first-time buyers into multi-buyers. She also has a clearer idea of who her target market is, who her best buyers are, and the multiple ways to reach them.

This has now become a cornerstone part of her business-enhancing every single big promotion she has done since then... with a bigger email list plus an understanding of how to use paid ads.

### **CASE STUDY**

### Almost Bankrupt to \$1.6 MILLION USD in 9 Months with a Single Marketing Strategy

Our case study for today is the **CEO** of a company that offers online personal development courses.

Catering to women who follow Deepak Chopra, the movie "The Secret," and John Assaraf, he provides coaching on mindset, hypnosis, neuro-linguistic programming, and positive affirmations.

The company encountered a stumbling block: multiple attempts to launch a flagship product—a \$20/month mindset membership—had failed. They found themselves on the verge of bankruptcy.

The CEO and his team had to do everything in their power to save the business. Either they go big or they go home penniless and insecure.

### Objectives

Generate funds to keep the business moving forward. Launch products that sell. Market the brand.

### What we did

Established a standard lead generation and client acquisition process using a six-hour webinar.

Harnessed the company's 50+ strategic partner promoters which earned the company approximately \$550,000 from about 600

orders.

• Sold \$997 one-time or \$397 three-time payment plan, with around 50 percent of sales going to the partners.

- Gave a Contact Us number and assigned two phone sales reps to take inbound calls.
  - Placed outbound calls to anyone who hit the order form during the

broadcast or clicked to see the order form from a post-event email but didn't purchase.

Created split tests for each step of the process when the partners were promoting.

Made A and B versions of registration pages, reminder emails, order forms—everything.

Took the winning versions and then set them up to play as if live but on an automated basis.

Set up the process to run from Sunday to Saturday each week, automatically.

Ran the six-hour event on Saturdays.

• Sent multiple pieces of pre-event videos and homework materials viå email to build excitement.

Uploaded buyer emails to Facebook Ads and made a lookalike list.

Created three ads with a \$500 budget and ran them on Facebook

• to the lookalike audience of our 550+ buyers to register for the event "happening this week".

Doubled the ad spending using the profit from the week before.

### Results

Earned \$1.6 million in front-end sales (excluding back-end products and services sold).

Made \$7 million in sales in just under three years.

Installed a massive income stream, including paid ads and

customer service, requiring only three or four people to run it.

• Launched several other products under the new company brand.

### Why it was smart to work with us

It might be hard to believe how they got back on their feet and earned millions. But Daryl's marketing strategy worked; this company is one of the many who swear by it.
