

Dispelling The Fog of Fake News: AI and The Future of Media in The Philippines

BEST BUSINESS PODCAST
with Jane Santos

BestBusinessCoach
"Your Success Is My Success" - Daryl Urbanski

This workbook presents an interview with Jane Santos, assistant vice president for technical services at CNN Philippines, focusing on the challenges of fake news and the role of technology in modern media.

It's importance lies in its exploration of the digital media landscape, specifically when it comes to disseminating accurate information and battling misinformation.

The following activities are designed to help you engage with the material, digest the insights shared by Jane, and apply them in the context of the fast-evolving media landscape.

Sometimes not being the first is good as long as your news or your information is accurate and correct. The hardest thing now is like fake news is all around, so we need to communicate better."

REFLECTION/PERSONAL ANALYSIS

- Write down in your own words the main point of the interview with Jane Santos.
- What is the main challenge for contemporary media industry according to Jane Santos?
- In what way can one differentiate between fake news and actual news as per Jane Santos?
- How is technology, particularly AI, changing the face of media communication?
- Why, according to Santos, is accuracy in news more important than being the first to report?

REFLECTION/PERSONAL ANALYSIS

- How is CNN Philippines fighting the spread of fake news?
- Discuss how a focus on local news benefits the viewers.
- What is misleading information? Give an example you've encountered.
- In your own understanding, why is fact-checking crucial in the battle against fake news?
- What role does AI play in fact-checking according to the article?

REFLECTION/PERSONAL ANALYSIS

- How does the blend of local and international news, sports, entertainment, education, and lifestyle programming impact CNN Philippines' audience?
- True or False: Timing is more important than accuracy in news reporting.
- How did Facebook's fact-checking program handle misinformation according to Jane?
- Discuss how international news might be perceived differently by local audiences.
- What are some of the implications of the growing digitalization of communication on media and news reporting?

REFLECTION/PERSONAL ANALYSIS

- True or False: AI is increasingly being used only for better fact-checking.
- Citing examples, explain how artificial intelligence is transforming the media landscape.
- How does "Truth Decay" explore the diminishing role of facts in public life?
- Suggest ways in which individuals can protect themselves from being influenced by fake news.
- Based on what you've learned from this activity, discuss steps we can all take to ensure a credible and reliable media environment.

SITUATIONAL AWARENESS

Reflect on a piece of information you once believed to be true but later found out was false. What was your reaction? How did it change your approach to news consumption?

Reflect on the phrase "the power media wields in shaping our reality". What does this mean to you?

LISTING/ENUMERATION ACTIVITY

Key Takeaways

List three resources mentioned in the interview that could help deepen your understanding of the media industry and fact-checking.

- 1.
- 2.
- 3.

Enlist some possible ways in which media companies can provide more accurate news.

- 1.
- 2.
- 3.

Use these takeaways to enhance your approach to digital marketing, copywriting, and lead generation in the future.

Had an exciting phone call with a new client today. In 20 minutes I showed her \$113,157.68 in cold hard cash she didn't even know existed in her business or how she could get it.

Now, with 2 weeks of work (she will delegate) 10%-80% of it will be in her pocket and add 5%-15% NET PROFIT to her bottom line for every year her business exists from now on.

(pats self on back)

Needless to say, she was pretty happy about it.

Case Study

Turning \$50,000 USD into \$212,484 USD with paid ads and automation

Today's case study is the **CEO** of another USA-based company.

Her business caters to women in their 40s. Women who are into Reiki and other energy healing. Including alternative medicine techniques.

She felt trapped by her dependence on her industry peers. And their practice of promoting to each other's patrons. She didn't want others to sell to her community. Or even share her base with them just so her company can maintain growth. She wanted to be independent without sacrificing sales.

Thus, she turned to Daryl for a marketing solution. A solution to give her freedom from external influences.

Objectives

- Establish a profitable, fully automated paid advertising campaign to build her audience.
- Determine who are the company's best customers.
- Attract new customers and turn them into the highest paying clients.
- Create a membership program for a stable income growth.

What Daryl Did

- Established a “golden path” for lead generation and client acquisition process from the first to the sixth purchase.
- Analyzed 20,000+ orders to determine who their best customers are, where they come from, and how they make their purchases.
- Set up a paid advertising campaign for the first step their best customers took and automatically sent the next promotions for the second, third, fourth, fifth, and sixth products at the appropriate time.

Results

- Turned one-time buyers into multi-buyers in a predictable way
- Many people who bought a one, bought a second and third item. Immediate profit from paid ads was \$212,484 but if we include back end sales we grew her business by almost 26% or \$578,425.67.
- Produced a larger buyer base and enabled her to expand them without outside support.

Why It Was Smart To Work With Daryl

It was smart because he successfully helped her run a profitable paid ad campaign. The money she spent grew at least three times. She now has a larger list plus the ability to grow her list without any outside endorsement. She has a predictable way to turn first-time buyers into multi-buyers. She also has a clearer idea of who her target market is, who her best buyers are, and the multiple ways to reach them.

This has now become a cornerstone part of her business-enhancing every single big promotion she has done since then... with a bigger email list plus an understanding of how to use paid ads.

Otto Ruebsamen Daryl is good. I worked with him in 1 company where he took the almost dead company and automated a sales machine that's produced 40-70k a week for the past 5 years now. Saved that company while generating predictable cash flow the business was able to grow on and make payroll from every two weeks.

CASE STUDY

Almost Bankrupt to \$1.6 MILLION USD in 9 Months with a Single Marketing Strategy.

Our case study for today is the **CEO** of a company that offers online personal development courses.

Catering to women who follow Deepak Chopra, the movie “The Secret,” and John Assaraf, he provides coaching on mindset, hypnosis, neuro-linguistic programming, and positive affirmations.

The company encountered a stumbling block: multiple attempts to launch a flagship product—a \$20/month mindset membership—had failed. They found themselves on the verge of bankruptcy.

The CEO and his team had to do everything in their power to save the business. Either they go big or they go home penniless and insecure.

Objectives

- Generate funds to keep the business moving forward.
- Launch products that sell.
- Market the brand.

What we did

- Established a standard lead generation and client acquisition process using a six-hour webinar.
- Harnessed the company's 50+ strategic partner promoters which earned the company approximately \$550,000 from about 600 orders.
- Sold \$997 one-time or \$397 three-time payment plan, with around 50 percent of sales going to the partners.
- Gave a Contact Us number and assigned two phone sales reps to take inbound calls.
- Placed outbound calls to anyone who hit the order form during the broadcast or clicked to see the order form from a post-event email but didn't purchase.

- Created split tests for each step of the process when the partners were promoting.
- Made A and B versions of registration pages, reminder emails, order forms—everything.
- Took the winning versions and then set them up to play as if live but on an automated basis.

- Set up the process to run from Sunday to Saturday each week, automatically.
- Ran the six-hour event on Saturdays.
- Sent multiple pieces of pre-event videos and homework materials via email to build excitement.

- Uploaded buyer emails to Facebook Ads and made a lookalike list.
- Created three ads with a \$500 budget and ran them on Facebook to the lookalike audience of our 550+ buyers to register for the event “happening this week”.

- Doubled the ad spending using the profit from the week before.

Results

- Earned \$1.6 million in front-end sales (excluding back-end products and services sold).
- Made \$7 million in sales in just under three years.
- Installed a massive income stream, including paid ads and customer service, requiring only three or four people to run it.
- Launched several other products under the new company brand.

Why it was smart to work with us

It might be hard to believe how they got back on their feet and earned millions. But Daryl's marketing strategy worked; this company is one of the many who swear by it.

🔊 Listen to Daryl's interview with Kent Martin about how they grew the business: <https://members.bestbusinesscoach.ca/inside-a-7-million-dollar-automated-funnel-building-up-to-over-300000-facebook-followers-from-scratch-with-kent-martin-2/>.

Goals:

- 1) \$6.5MM in revenue from automated online sales and conversion strategies (Stretch Goal of \$10MM)
- 2) Build a Lead Generation Machine For Sales Team - steady flow of quality leads with sufficient volume
- 3) Improved web presence / front end website(s)
