

The Sales Decision Making Framework That Stops Deals From Stalling

BEST BUSINESS PODCAST
with Guffy Wright

BestBusinessCoach
"Your Success Is My Success" - Daryl Urbanski

**This workbook transforms the episode's
key lessons into practical decision
making, sales coaching, and business
operating system exercises.**

It is designed to help revenue leaders diagnose stalled deals, raise their standards with discipline, and build the shared language their team needs to close more high-value business.

———— “ ” ————

“Every stalled decision comes down to three things: not clear, not safe, not aligned. Period.”

Guffy Wright

REFLECTION/PERSONAL ANALYSIS

- When have you pushed harder on a stalled deal instead of stopping to diagnose why it actually stalled?
- Looking at your current pipeline, which stalled deals are a clarity problem, which are a safety problem, and which are an alignment problem?
- What is your team's current minimum account size, and is it a number you actually enforce or one you quietly make exceptions to?
- How long could you personally sustain a plateau before you would recognize it as stagnation rather than a rough patch?

REFLECTION/PERSONAL ANALYSIS

- Where in your sales process are you building trust with prospects without actually building alignment on what they value?
- What language does your team currently share for talking about why a deal moved or didn't move?
- Which of your current commitments, clients, or habits would you need to give up to raise your own standard?
- How do you currently review sales calls, and does that review produce specific coaching or just general encouragement?

REFLECTION/PERSONAL ANALYSIS

- Where does growth in your business still depend entirely on you personally being in the room?
- What peer group, board, or mastermind are you currently in, and is it actually raising your ceiling?
- When was the last time someone silently disagreed with a decision in your organization, then acted on that disagreement later without saying so?
- What is one process in your business you could record, score, and coach against, the way Guffy's team does with sales calls?

SITUATIONAL AWARENESS

A deal has been in your pipeline for over a month with no clear next step, and your rep says they're "just following up." How would you determine whether the real issue is that the buyer isn't clear on the offer, doesn't feel safe moving forward, or was never aligned with your team in the first place?

Your team agrees on a new account minimum in a meeting, but three months later you notice reps are still quietly taking deals below that floor. How would you find out whether this is a pocket veto, a training gap, or a sign the standard was never realistic to begin with?

Case Study

Turning \$50,000 USD into \$212,484 USD with paid ads and automation

Today's case study is the **CEO** of another USA-based company.

Her business caters to women in their 40s. Women who are into Reiki and other energy healing. Including alternative medicine techniques.

She felt trapped by her dependence on her industry peers. And their practice of promoting to each other's patrons. She didn't want others to sell to her community. Or even share her base with them just so her company can maintain growth. She wanted to be independent without sacrificing sales.

Thus, she turned to Daryl for a marketing solution. A solution to give her freedom from external influences.

Objectives

- Establish a profitable, fully automated paid advertising campaign to build her audience.
- Determine who are the company's best customers.
- Attract new customers and turn them into the highest paying clients.
- Create a membership program for a stable income growth.

What Daryl Did

- Established a “golden path” for lead generation and client acquisition process from the first to the sixth purchase.
- Analyzed 20,000+ orders to determine who their best customers are, where they come from, and how they make their purchases.
- Set up a paid advertising campaign for the first step their best customers took and automatically sent the next promotions for the second, third, fourth, fifth, and sixth products at the appropriate time.

Results

- Turned one-time buyers into multi-buyers in a predictable way
- Many people who bought a one, bought a second and third item. Immediate profit from paid ads was \$212,484 but if we include back end sales we grew her business by almost 26% or \$578,425.67.
- Produced a larger buyer base and enabled her to expand them without outside support.

Why It Was Smart To Work With Daryl

It was smart because he successfully helped her run a profitable paid ad campaign. The money she spent grew at least three times. She now has a larger list plus the ability to grow her list without any outside endorsement. She has a predictable way to turn first-time buyers into multi-buyers. She also has a clearer idea of who her target market is, who her best buyers are, and the multiple ways to reach them.

This has now become a cornerstone part of her business-enhancing every single big promotion she has done since then... with a bigger email list plus an understanding of how to use paid ads.

Otto Ruebsamen Daryl is good. I worked with him in 1 company where he took the almost dead company and automated a sales machine that's produced 40-70k a week for the past 5 years now. Saved that company while generating predictable cash flow the business was able to grow on and make payroll from every two weeks.

Check This Out:

Had an exciting phone call with a new client today. In 20 minutes I showed her \$113,157.68 in cold hard cash she didn't even know existed in her business or how she could get it.

Now, with 2 weeks of work (she will delegate) 10%-80% of it will be in her pocket and add 5%-15% NET PROFIT to her bottom line for every year her business exists from now on.

(pats self on back)

Needless to say, she was pretty happy about it.

I really need to start charging more.

CASE STUDY

Almost Bankrupt to \$1.6 MILLION USD in 9 Months with a Single Marketing Strategy.

Our case study for today is the **CEO** of a company that offers online personal development courses.

Catering to women who follow Deepak Chopra, the movie “The Secret,” and John Assaraf, he provides coaching on mindset, hypnosis, neuro-linguistic programming, and positive affirmations.

The company encountered a stumbling block: multiple attempts to launch a flagship product—a \$20/month mindset membership—had failed. They found themselves on the verge of bankruptcy.

The CEO and his team had to do everything in their power to save the business. Either they go big or they go home penniless and insecure.

Objectives

- Generate funds to keep the business moving forward.
- Launch products that sell.
- Market the brand.

What we did

- Established a standard lead generation and client acquisition process using a six-hour webinar.
- Harnessed the company's 50+ strategic partner promoters which earned the company approximately \$550,000 from about 600 orders.
- Sold \$997 one-time or \$397 three-time payment plan, with around 50 percent of sales going to the partners.
- Gave a Contact Us number and assigned two phone sales reps to take inbound calls.
- Placed outbound calls to anyone who hit the order form during the broadcast or clicked to see the order form from a post-event email but didn't purchase.
- Created split tests for each step of the process when the partners were promoting.
- Made A and B versions of registration pages, reminder emails, order forms—everything.
- Took the winning versions and then set them up to play as if live but on an automated basis.
- Set up the process to run from Sunday to Saturday each week, automatically.
- Ran the six-hour event on Saturdays.
- Sent multiple pieces of pre-event videos and homework materials via email to build excitement.
- Uploaded buyer emails to Facebook Ads and made a lookalike list.
- Created three ads with a \$500 budget and ran them on Facebook to the lookalike audience of our 550+ buyers to register for the event “happening this week”.

- Doubled the ad spending using the profit from the week before.

Results

- Earned \$1.6 million in front-end sales (excluding back-end products and services sold).
- Made \$7 million in sales in just under three years.
- Installed a massive income stream, including paid ads and customer service, requiring only three or four people to run it.
- Launched several other products under the new company brand.

Why it was smart to work with us

It might be hard to believe how they got back on their feet and earned millions. But Daryl's marketing strategy worked; this company is one of the many who swear by it.
